HELLO FRIENDS!

Happy New Year to you! As the year starts, we all get to press the reset button on all those things we said we'd accomplished in the year 2015 and start over with 2016. Whatever things you accomplished and have not accomplished, I acknowledge you for even willing to look, as intentionality begins movement and shift. Wherever you are at in life, we hope you find peace in that you are exactly where you're supposed to be.

In this issue, we get to reflect on this past year with old and new friends from the community. It is incredibly humbling to see how far we've come and very exciting to see how far we can go. In June 2016, we'll be celebrating our three (3) year anniversary in print and are grateful for the friends and the difference we hope we've made to you. Whatever it brings, we already know 2016 is going to be quite the ride.

Thank you to our Sponsors, many of whom are residents from DC Ranch, for making this magazine possible. Local businesses are the backbone of what makes a community thrive.

Cheers to a wonderful new year from our family to yours!

Humbly grateful,
Kim Trinh

Spa Day with N2!

In November, we got to play with residents from DC Ranch, McDowell Mountain Ranch, Windgate Ranch, Pinnacle Peak, and Paradise Valley. We all got to celebrate with Paradise Med Spa its one year anniversary on its second location in Market Street at DC Ranch by Safeway. Paradise Med Spa treated guests to a deluxe experience of youth and radiance. This was akin to the dress up parties girls had as children, with makeup and dolls, but instead of makeup we had hydrofacials/ mini peels and rather than dolls, we got a full 3D scan of our own youthful complexions (plus a bonus viewing of deeply embedded sun spots and wrinkles, predictably showing up in 2-3 years). None of us had those, of course.

anti-hangover concoction. How many med spas provide unique experiences that cater to both genders? Pretty cool place.

In addition to the services we sampled at the event, guests were also offered 15% off all products and discounted Botox at \$8/unit through the month of November.

It was made possible by the generosity of Paradise Medspa, headed Dr. Rebecca Weiss, medical director and owner. Food was provided by Market Street Kitchen/ DC Ranch resident Paul Keeler, who as usual spoiled us with delicious and tantalizing treats, which included their beautiful fish tacos, deviled eggs, and fried green tomatoes. Karma Juice also provided a glorious sample of juices. To

SWING Fore Kids RECAP

Submitted by Resident Chrisie Funari

I am proud to share with you that Swing Fore Kids Cancer 2015 was an absolute success for Arizona Cancer Foundation for Children; which makes it an even bigger success for the children with cancer in our community.

Now I know where the saying, "It takes a village," comes from. It truly does take a village and I am humbled by the outpouring of love and support that our community, friends and family have provided.

After losing my daughter, Ava, cancer became personal to my family and I. Arizona Cancer Foundation for Children has made a commitment and promise to children with cancer in our community. With your support we will continue to offer assistance through our unique Travel Assistance Program. It is critical and necessary that children with cancer receive the best care and we have made it our mission to help children get to where they need to be; whether that specialized

Girl Power at Copper Ridge

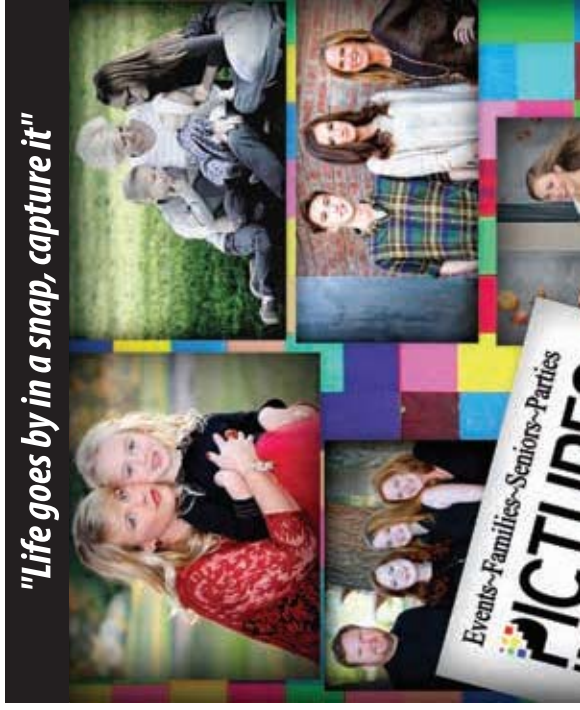

Article provided by Michelle Ostot

At Copper Ridge School, the opportunities for middle school girls are endless! From academic scholars and athletes, to leaders and actresses, girls can do it all!

ACADEMIC SCHOLARS! Girls have the opportunity to select advance coursework such as Honors Science, Honors Social Studies and Honors English Language Arts to increase the rigor of their academic studies. In addition, girls may place into mathematics courses up to two grade levels above their current placement and may receive high school honors credit.

ATHLETES! All 6th through 8th grade girls may participate in Tier I level sports which include cross country, volleyball, soccer, spiritline, basketball, softball and track. Girls often play on the flag football team as well! A team of girls is selected to compete against the other middle school teams across the Scottsdale Unified School District. Our 7th grade Copper Ridge volleyball team went undefeated during the 2015-season! Our spiritline cheers on the boys basketball team throughout the winter season.

LEADERS! Our Copper Ridge girls have many leadership opportunities throughout their middle school years. Girls may apply for the National Junior Honors Society and Student Council to

neurological

Why did you choose to become a neurologist?

Dr. Yusupov
Every day, I remember to enter this field. Remembering and restoring patients is the most rewarding. My background, life, and upbringing have to relate to my patients' personal level. The satisfaction I receive from the smiles on my patients' faces after they have recovered is what drives me.

Dr. Abdulhamid
The technical and intellectual challenges of our specialty have made it difficult to undertake the diagnosis, management, and treatment of brain and spinal nerves.

I think I can speak for many in that, we are able to provide a quality of our patients' lives on a daily basis and for that, I am truly humbled. I am grateful for the opportunity to serve my patients and the community.
